

DRAW: Brighton Heights Community, Pittsburgh PA

ASK: Brighton Heights Community, opposed the opening of our recovery house. I wanted more information about the demographics of the community and its members. I also wanted any information about overdoses in the area.

ANSWER: Brighton Heights Community, is primarily Caucasian (66.1%). Approximately 47.9% of homes in the area are rentals. There are 2 Liquor stores and 1 convenient store in the area and the total number of fatal accidental overdoses in the area has more than doubled over the last 3 years.

Number of Fatal Accidental Overdoses

The data confirmed some of our hypothesis about the Brighton Heights Community. The incline in overdoses and percent of rental properties in the area were surprising.
