# BlastPoint for Credit Unions

**The BlastPoint Platform places AI-powered member insights at your fingertips so you can provide personalized banking experiences and keep members for life.**

A one-stop solution for making member data actionable:
- Easy-to-use and intuitive
- Utilize data to target members effectively while ensuring privacy & security
- Results-driven technology keeps business goals top-of-mind

## Securely & easily activate member data

The BlastPoint Team handles data cleanup, integration, & analysis so you can focus on member initiatives.

## Improve member experience & reduce churn

Keep members for life by understanding member journeys, meeting individual members where they are, and increasing satisfaction.

## Connect members to relevant products

Target the right members with the right products and services. Members feel supported and understood while you increase engagement.

## Personalize communication channels & increase engagement

Remove friction from communications by identifying every member's best channels. Watch engagement rates go up.

**BlastPoint helped a partner boost engagement with hard-to-reach customers 9 percentage points above industry benchmarks!**

# 9%
